

## **“Pivot Point Launches Diagnostic Services in Victoria!”**

September 2016

Hello community Doctors, Paediatricians, Psychiatrists and Social Workers.

We are delighted to announce that **E. Jane Bradley, PhD** has joined the Pivot Point team at our community office in James Bay, Victoria!

As a registered Psychologist in BC, Dr Bradley brings over 30 years of experience to share along side Pivot Point’s strong Behavioural focus. We feel that this will create a winning combination for Diagnostic Services as well as more complex Mental Health consultations.

Having started in early September 2016, Dr Bradley now provides privately funded assessments towards the ***query of Autism Spectrum Disorders, CDBC, and other childhood conditions*** (for children ages 2 to 18), as well as ***IQ and Adaptive Functioning Assessments for older teens and young adults*** seeking eligibility for funding through CLBC’s Developmental Disability (DD) or Personalized Supports Initiatives (PSI) programs.

- ✓ Patients should contact Pivot Point Head Office by phone toll free: **1.778.410.2319**, or complete our “Request a Meeting” form at [pivotpoint.ca/request-a-meeting](http://pivotpoint.ca/request-a-meeting) (to have us call back) to schedule assessment appointments with Dr Bradley.
- ✓ For clients age 6 years and younger, the child’s doctor or pediatrician must forward a copy of their pediatric assessment to be included in the parent’s application for funding package to MCFD. The pediatric assessment can be submitted to Pivot Point before or after our diagnostic assessments have begun, by faxing to 604.531.7545 or emailing [assessments@pivotpoint.ca](mailto:assessments@pivotpoint.ca).
- ✓ Following each completed assessment, referring Doctors will receive back a report of findings to add to your patient’s file.

We look forward to working with you to create a seamless assessment process for you and your patients. More information for parents and professionals will soon be published on our website at [PivotPoint.ca/mental-health-services](http://PivotPoint.ca/mental-health-services)

Sincerely,  
**Pivot Point Mental Health Services Team**
