

Student Success

Many families struggle to feel ready for the transition into Kindergarten and the early primary grades!

This developing skills group creates a fun and safe way for small groups of young students to encounter the classroom environment, and the initial basics of structure and routine like circle time, story-time and other small group play activities. Hosted in our established Community Classroom sites throughout BC, Student Success shows students how to have fun with words, numbers and their peers.

We inspire a love for learning, while building a sense of confidence for the transition into their school, or online learning, in September.
