Posting Summary:

Do you LOVE HELPING STUDENTS learn and grow towards being all they can be?

Pivot Point's Community Classrooms offer a full-day alternative to large classrooms in public or private schools, or to home-schooling, by creating small group learning centres within our non-traditional community settings. Optimized for students with ASD and other Diverse Abilities, most classrooms range in size from 3 to 12 students with multiple teaching staff (i.e., one lead instructor and potentially multiple educational behaviour interventionists).

Are YOU willing to maintain accurate and complete records of students' progress and development?

Can YOU develop annual plans, monthly themes, as well as weekly and daily lesson structures that form the overall teaching structures of each day, and thereby contain each lesson plan and intended learning experience for each student?

Can YOU plan, prepare, and deliver lesson plans and instructional materials that are directly linked to goals stated in each student's IEP?

Can YOU manage student behavior in the classroom by implementing group management strategies that inspire cooperation with social and safety rules and procedures?

Are YOU ready for an exhilarating 32.5 to 40 hours a week (typically 8-3)?!?!?
