

The Life Program at Country Heritage Park is an adult program thoughtfully designed to meet the diverse needs of participants. Our program offers individualized support alongside medium and small group activities to provide a balanced approach to learning and interaction.

Our focus is on helping each participant reach their full potential by developing meaningful friendships and functional skills tailored to their unique needs and goals. By collaborating with other community providers, we aim to create social and learning experiences, as well as volunteer and employment opportunities for participants. Join us in a supportive, engaging environment designed to empower growth and independence.
